

ALLEGIAN[®]

VARIETY SOYBEAN SEED

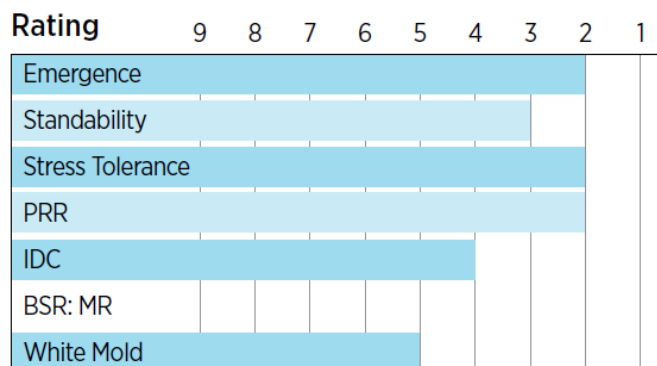

NEW

Allegiant 07E63N

Product Characteristics		
Product	Trait	E3
	Relative Maturity	0.7
Agronomic/Plant Characteristics	Emergence	2
	Plant Height	MS
	Plant Type	MB
	Standability	3
	Stress Tolerance	2
Disease/Pest	PRR Gene	Rps3a
	PRR Tolerance	2
	IDC Tolerance	4
	BSR Tolerance	MR
	White Mold Tolerance	5
	SDS	NR

Key Highlights

- Go anywhere bean with great yield from east to west
- PRR warrior! Field tolerance supported by the Rps3a gene
- Yield stability across all environments
- Plant structure built for all row spaces

NOTES: _____

RR2X – Roundup Ready 2 Xtend[®] Soybeans
 XtendFlex – XtendFlex[®] Soybeans
 RR2Y – Roundup Ready 2 Yield[®] Soybeans
 E3 – Enlist E3[®] Soybeans

Plant Height
 M = Medium
 MT = Medium-Tall
 M+ = Medium +
 MS = Medium-Short

Plant Type
 I = Intermediate
 B = Bush
 MB = Medium Bush

Ratings
 E = Excellent
 VG = Very Good
 G = Good
 S = Susceptible

R = Resistant
 MR = Moderately Resistant
 NR = Not Rated
 NG = No Gene

Color
 BR = Brown
 B = Black
 BF = Buff
 IB = Imperfect Black

TN = Tan
 T = Tawny
 LT = Light Tawny
 G = Gray

P = Purple
 W = White
 Y = Yellow

Corteva Agriscience is a member of Excellence Through Stewardship® (ETS). Corteva Agriscience products are commercialized in accordance with ETS Product Launch Stewardship Guidance and in compliance with the Corteva Agriscience policies regarding stewardship of those products. In line with these guidelines, our product launch process for responsible launches of new products includes a longstanding process to evaluate export market information, value chain consultations, and regulatory functionality. Growers and end users must take all steps within their control to follow appropriate stewardship requirements and confirm their buyer's acceptance of the grain or other material being purchased. For more detailed information on the status of a trait or stack, please visit www.biotradestatus.com.

Seeds containing the Enlist, Herculex and PowerCore traits are protected under numerous US patents. Seeds containing patented traits can only be used to plant a single commercial crop and cannot be saved or replanted. You acknowledge and agree to be bound by the terms and conditions of the following documents in effect at the time of planting of this seed: (i) the Technology Use Agreement and (ii) the Product Use Guides for all technologies in this seed, including the Herbicide Resistance Management (HRM), and Use requirements detailed therein (www.corteva.us/Resources/trait-stewardship.html). To plant Enlist, Herculex and PowerCore seed, you must have a limited license from Corteva Agriscience (or other appropriate affiliates). In consideration of the foregoing, Corteva Agriscience grants to the Grower the limited license to use its technology to produce only a single commercial crop in the United States under the terms and conditions set forth in the Technology Use Agreement in effect at the time of planting of this seed. Always read and follow herbicide label directions prior to use: Enlist® products contain the Enlist trait that provides crop safety for use of labeled over-the-top applications of glyphosate, glufosinate and 2,4-D herbicides featuring Colex-D® technology when applied according to label directions. Following burndown, the only 2,4-D containing herbicide products that may be used with Enlist® crops are products that feature Colex-D technology and are expressly labeled for use on Enlist crops. 2,4-D products that do not contain Colex-D technology are not authorized for use in conjunction with Enlist products.

The transgenic soybean event in Enlist E3® soybeans is jointly developed and owned by Corteva Agriscience and M.S. Technologies L.L.C.™ Enlist, Enlist E3, the Enlist E3 logo, and Colex-D are trademarks of Corteva Agriscience. Excellence Through Stewardship is a registered trademark of Excellence Through Stewardship.

Enlist E3® soybean seeds containing the Enlist® trait can only be used to plant a single commercial crop. It is unlawful to save and replant Enlist E3® soybeans. Additional information and limitations on the use of these products are provided in the Corteva Agriscience Technology Use Agreement and Enlist® Soybean Product Use Guide. U.S. patents for Dow AgroSciences technologies can be found at the following webpage: www.corteva.us/Resources/trait-stewardship.html
