

## Ammonium Sulfate Free Water Conditioner / Nonionic Surfactant **Drift Reduction Agent / Deposition Aid / Antifoam**

## **Principal Functioning Agents**

Trisodium citrate dihydrate, alkylpolyglucoside, diethylene glycol	34.75%
Constituents ineffective as spray adjuvants	65.25%
TOTAL	100.00%

Ingredients are exempt from a tolerance under 40 CFR 180.

# **KEEP OUT OF REACH OF CHILDREN** WARNING

## **Hazard Statements**

Causes eye irritation. Causes mild skin irritation. May cause damage to organs through prolonged or repeated exposure.

### **Precautionary Statements**

Wash thoroughly after handling. Wear protective gloves/clothing and eye/face protection. Avoid breathing dust, fumes, mist, vapors and spray. Contaminated work clothing should not be allowed out of the workplace. IF IN EYES: Rinse continuously with water for several minutes. Remove contact lenses if present and easy to do; continue rinsing. If eve irritation persists, get medical advice/attention. IF ON SKIN OR CLOTHING: Wash with plenty of soap and water. If skin irritation or a rash occurs, get medical advice/attention. Wash contaminated clothing before reuse. Refer to back label for more First Aid Statements.

NOTE: Read and follow all label directions and cautions on all products used.

NET CONTENTS: 2.5 Gallons (9.45 Ltr) or 2 x 2.5 Gallons (18.93 Ltr)

## **Storage and Disposal**

Do not contaminate water, food or feed by storage or disposal. STORAGE: Store in a cool well-ventilated place. Keep in original container tightly closed. Do not reuse empty container. Do not store with food, feed, or other material to be used or consumed by humans or animals. For optimal product quality, store between 40° and 90° F.

DISPOSAL: Do not contaminate water sources by cleaning of equipment or disposal of wastewaters. Triple rinse (or equivalent) adding rinse water to application tank. Offer container for recycling or dispose of in a sanitary landfill or by other procedures approved by local regulations. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at www.acrecycle.org. Dispose of contents/container in accordance with local/national regulations.

## **GENERAL INFORMATION**

**CHS TRAPLINE PRO II...** is a drift reduction and water conditioning agent formulated specifically for dicamba tank mixes to reduce off-target drift.

CHS TRAPLINE PRO II imparts a neutral pH.

**CHS TRAPLINE PRO II** can eliminate antagonism of the spray tank caused by hard water minerals such as calcium, iron and magnesium.

The surfactant ingredient in **CHS TRAPLINE PRO II** improves spray droplet spreading and penetration into the targeted leaf surface.

**CHS TRAPLINE PRO II** provides humectancy to spray droplets resulting in a slower drying time for enhanced uptake of active ingredients.

**CHS TRAPLINE PRO II** can be used for a wide range of pesticide and nutrient spray mixtures when accompanying labels recommend water conditioners and spreader-wetter adjuvants.

### **FIRST AID**

Call a poison control center or doctor immediately for treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

**IF IN EYES:** Rinse continuously with water for several minutes. Remove contact lenses if present and easy to do; continue rinsing. If eye irritation persists, get medical attention.

**IF SWALLOWED:** Rinse mouth. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. If you feel unwell, call a poison control center or physician immediately for treatment advice.

**IF INHALED:** Move person to fresh air and keep at rest in a position comfortable for breathing. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. If you feel unwell, call a poison control center or physician for further treatment advice.

**IF ON SKIN OR CLOTHING:** Rinse skin immediately with plenty of soap and water for 15 to 20 minutes. If skin irritation occurs, get medical attention. Take off contaminated clothing and wash before reuse.

#### **DIRECTIONS FOR USE**

Use only if a nonionic surfactant (NIS), water conditioner, drift reduction technology (DRT), and deposition agent are allowed or not excluded on the label. **CHS TRAPLINE PRO II** does NOT contain ammonium sulfate (AMS).

NOTE: When combining new or unfamiliar components in any tank mix, the applicator should conduct phytotoxicity and jar tests to ensure compatibility and avoid damage to non-targeted species. Always follow the directions on the most restrictive active ingredient label. Tank mixtures should only be applied within the label recommendations of every product in the tank mixture.

## **USE RATES**

For use with herbicides registered for use for agriculture, forestry, and industrial, municipal, ornamental, right-of-way, turf, non-cropland and other use. Prior to using **CHS TRAPLINE PRO II**, the user or application advisor must have experience with the combination of active ingredients or must have conducted a phytotoxicity trial. **CHS TRAPLINE PRO II** may be applied by ground, CDA or aerial spray equipment.

**General Use:** Use 2 to 8 pints per 100 gallon of spray mixture (0.25% v/v to 1.0% v/v).

For Use With Engenia": The recommended use rate is 5 pints per 100 gallons.

For Use As A Drift Reduction Agent With XtendiMax\*: Use 5 pints per 100 gallons.

DO NOT USE CHS TRAPLINE PRO II AT A RATE TO EXCEED 1% V/V OF FINISHED SPRAY TANK MIXTURE.

### **TANK MIXING**

Prior to any pesticide application, all spray equipment must be thoroughly cleaned. Carefully observe all tank cleaning directions on the pesticide label. Do not mix **CHS TRAPLINE PRO II** with undiluted herbicides. Unless instructed otherwise by accompanying pesticide label instructions, fill spray tank 1/2 full with water, add **CHS TRAPLINE PRO II** first then continue filling tank. Add remaining pesticide or nutrient ingredients consistent with respective label directions.

Engenia is a trademark of BASF Corporation. XtendiMax is a registered trademark of Monsanto.

CONDITIONS OF SALE - LIMITED WARRANTY AND LIMITATIONS OF LIABILITY AND REMEDIES: Read the Conditions of Sale - Warranty and Limitations of Liability and Remedies before using this product. If the terms are not acceptable, return the product, unopened, and the full purchase price will be refunded. The directions of this label are believed to be reliable and should be followed carefully, insufficient control of pests and/or injury to crops to which the product is applied may result from the occurrence of extraordinary or unusual weather conditions or the failure to follow the label directions may cause injury to crops, animals, workers or the environment. The Company warrants that this product conforms to the chemical description on the label and is reasonably fit for the purpose referred to in the directions for use subject to the factors noted above which are beyond the control of CPU propany makes no other warranties or representations of any kind express or implied concerning the product, including no implied warranty of merchantability or fitness for any particular purpose, and no such warranty shall be implied by law.
