

# WHEELHOUSE<sup>®2</sup>

Water Conditioning Agent  
Wetting Agent

## Principal Functioning Agents:

Ammonium sulfate, sodium xylene sulfonate, and alkyl polyglucoside . . . . .	43.84%
Constituents ineffective as a spray adjuvant. . . . .	56.16%
<b>Total . . . . .</b>	<b>100.00%</b>

All ingredients are exempt from tolerance under 40 CFR 180.

## KEEP OUT OF REACH OF CHILDREN WARNING

### PRECAUTIONARY STATEMENTS

Causes eye irritation. Read label before use. Keep container tightly closed. Keep only in original container. Avoid breathing dust, fume, gas, mist, vapors or spray. Wash hands thoroughly after handling. Do not eat, drink or smoke when using this product. Wear protective gloves, protective clothing, eye protection and face protection.

### FIRST AID

Call a poison control center or doctor immediately for treatment advice. Have the product container with you when calling a poison control center or doctor, or going for treatment.

**IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do then continue rinsing. If eye irritation persists: Get medical advice or attention.

**IF ON SKIN OR CLOTHING:** Take off contaminated clothing and wash it before reuse. Wash with plenty of soap and water for several minutes.

**IF SWALLOWED:** Unless advised otherwise by a poison control center or doctor, have person rinse mouth with water, if able. Do not give anything by mouth to an unconscious person.

**IF INHALED:** If breathing is difficult, remove person to fresh air and keep at rest in a position comfortable for breathing. If person is not breathing, call 911 or an ambulance, and then give artificial respiration, preferably mouth to mouth if possible.

### GENERAL INFORMATION

CHS Wheelhouse<sup>®2</sup> contains a combination of ammonium sulfate and an electrolyte-stable surfactant system in a convenient liquid form.

CHS Wheelhouse<sup>2</sup> is recommended for use with all crops and non-crops.

This low foaming system used at the recommended rates delivers the AMS and surfactant balance that is required by glyphosate, glufosinate and many other pest control products.

Improves uniform coverage and penetration through waxy cuticles.

By reducing hard water interactions, increasing uptake and spreading, CHS Wheelhouse<sup>2</sup> significantly increases the performance of most pest control agents.

### DIRECTIONS FOR USE NOT FOR AQUATIC USE.

Follow the directions on the most restrictive active ingredient label.

Tank mixtures should only be applied within the label recommendations of every product in the tank mixture.

### THIS PRODUCT IS FORMULATED WITH AMMONIUM SULFATE (AMS).

Use only if a water conditioner containing ammonium sulfate and a wetting agent are allowed or not excluded on the label.

If the user does not have experience with the mixture being applied, perform a jar test using the order and amounts in the mixture and perform a phytotoxicity test to ensure crop safety.

### USE RATES

Use CHS Wheelhouse<sup>2</sup> at a rate of 2.5 to 5 gallons per 100 gallons (2.5 to 5%) of tank mix.

Add according to the directions on the pesticide label. If no directions are provided, add when directed to add the ammonium sulfate (AMS).

These rates will deliver 8.5 to 17 pounds of AMS and 0.5-1.0% of wetting agent per 100 gallons of spray solution.

For example:

Gallons of CHS Wheelhouse <sup>2</sup> per 100 gallons of tank mix	Equivalent quarts of spreader adjuvant	Pounds of dry AMS delivered
2.5	2	8.5
5	4	17

### STORAGE AND DISPOSAL

**Storage:** Store in a cool well-ventilated place. Keep in original container tightly closed. Do not reuse empty container. Do not

store with food, feed, or other material to be used or consumed by humans or animals. Do not contaminate water supplies.

**Disposal:** Do not contaminate water, food or feed by storage or disposal. Dispose of contents in container to an approved waste disposal facility in accordance with all federal, state and local regulations. Triple rinse (or equivalent) adding rinse water to application tank. Offer container for recycling or dispose of in a sanitary landfill or by other procedures approved by local regulations. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at [www.acrecycle.org](http://www.acrecycle.org).

**Conditions of Sale and Warranty Limitation:** The Directions for Use of this product reflect the opinion of experts based on field use and tests. The directions are believed to be reliable and should be followed carefully. However, it is impossible to eliminate all risks inherently associated with use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or use of the product in a manner inconsistent with its labeling, all of which are beyond the control of CHS Inc. or the seller. All such risks shall be assumed by the buyer. CHS Inc. warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes referred to in the Directions for Use, subject to the inherent risks referred to above. CHS Inc. makes no other express or implied warranty of fitness or merchantability or any other express or implied warranty. In no case shall CHS Inc. or the seller be liable for consequential, special or indirect damages resulting from the use or handling of this product. CHS Inc. and the seller offer this product, and the Buyer and the User accept it, subject to the foregoing Conditions of Sale and Warranty, which may be varied only by agreement in writing signed by a duly authorized representative of CHS Inc.
