

# CITRI-AMP™

Penetrant ▪ Wetting Agent ▪ Spreader

## PRINCIPAL FUNCTIONING AGENTS

Alcohol alkoxylate, sodium laureth sulfate.....	12.15%
Constituents ineffective as spray adjuvants.....	87.85%
TOTAL.....	100.00%

Ingredients are exempt from tolerance under 40 CFR 180

**WARNING**  
KEEP OUT OF REACH OF CHILDREN

## USE PRECAUTIONS

The addition of an adjuvant to some pesticides may increase the risk of phytotoxicity to certain susceptible crops, especially during periods of high humidity or other circumstances which may increase the activity of spray solutions. Care should be exercised when using on new varieties or crops not previously treated with Citri-Amp.

## HAZARD STATEMENTS

Causes serious eye irritation. Causes mild skin irritation. May cause an allergic skin reaction. Combustible liquid.

## PRECAUTIONARY STATEMENTS

Read label before use. Keep container tightly closed. Keep only in original container. Keep away from heat, sparks, open flames and hot surfaces. No smoking! Avoid breathing dust, fume, gas, mist, vapors and spray. Wash thoroughly after handling. Contaminated work clothing should not be allowed out of the workplace. Dispose of contents and container in accordance with local and national regulations.

**Personal Protective Equipment (PPE):** Wear protective gloves and eye/face protection.

## ENVIRONMENTAL HAZARDS

**Not for aquatic use.** Do not contaminate water sources by cleaning of equipment or disposal of wastewaters.

**Refer To Safety Data Sheet (SDS) For Important Environmental, Safety, and Health Information**

**CITRI-AMP IS NOT FOR AQUATIC USE**

## DIRECTIONS FOR USE

### NOT FOR AQUATIC USE

Always read and follow label instructions for all companion products that are being used with Citri-Amp.

Herbicides, Defoliants & Desiccants	25-64 fluid oz per 100 gallons of spray solution.
Plant Growth Regulators	5-10 fluid oz per 100 gallons of spray solution.

### INSECTICIDES, FUNGICIDES, MITICIDES, FOLIAR NUTRIENTS

Air-Assisted Sprayers & Conventional Sprayer in Field and Row Crops	25-64 fluid oz per 100 gallons of spray solution.
ULV Equipment Such as Aerial, Electrostatics, Foggers and Misters	25-64 fluid oz per 100 gallons of spray solution.
Chemigation* Through Irrigation Systems Such as Drip, Microjet, Sprinklers or Pivot	10-20 fluid oz per acre.

\*Not approved in California.

## MIXING DIRECTIONS

Conducting a jar test containing all tank mix ingredients at their desired ratio and dilution to confirm compatibility prior to conducting full scale application is suggested. Fill the spray tank 1/2 full of water, then add crop control and/or fertilizer products in accordance with corresponding label instructions for mixing. Unless, instructed otherwise by labels, add Citri-Amp last to the tank mix and fill remaining water, then begin agitation. Additional anti-foam during agitation may be necessary.

## STORAGE, DISPOSAL AND SPILL

Do not contaminate water, food, or feed by storage or disposal.

**Storage:** Store in original tightly closed container in a dry, well ventilated area, away from excessive heat and incompatibles. Do not store in iron, copper or aluminum containers or equipment. Do not store with food, feed or other material to be used or consumed by humans or animals. Do not contaminate water supplies.

**Disposal:** Dispose of contents and container in accordance with local and national regulations. Triple rinse (or equivalent) adding rinse water to application tank. Offer container for recycling or dispose of in a sanitary landfill or by other procedures approved by local regulations. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at [www.acrcycle.org](http://www.acrcycle.org).

**Spill:** In the event of a major spill, fire or other emergency, call CHEMTREC at (800) 424-9300.

**Fire:** In case of fire, use alcohol resistant foam, CO<sub>2</sub>, powder or water spray to extinguish.

## GENERAL INFORMATION

Citri-Amp™ is intended for use with products registered for agricultural, horticultural, turf, ornamental, industrial and non-crop use as a tank mix adjuvant. The unique surfactant chemistry provides enhanced wetting and absorption of nutrient and crop control tank mix partners that recommend the addition of an adjuvant to improve performance. Use Citri-Amp for superior spray application spreading, penetration and uniform distribution of the spray application. The nonionic surfactant component in Citri-Amp assists with the spreading and infiltration of the spray deposit. Citri-Amp may be used with most herbicides, fungicides, insecticides, plant growth regulators, defoliants, and fertilizer products in keeping with instructions on the accompanying crop protection or fertilizer label.

## FIRST AID

Call a poison control center or doctor immediately for treatment advice. Have the product container with you when calling a poison control center or doctor or going for treatment.

**If in Eyes:** Rinse continuously with water for several minutes. Remove contact lenses if present and easy to do; continue rinsing. If eye irritation persists, get medical attention.

**If Swallowed:** Rinse mouth. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. If you feel unwell, call a poison control center or physician immediately for treatment advice.

**If Inhaled:** Move person to fresh air and keep at rest in a position comfortable for breathing. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. If you feel unwell, call a poison control center or physician for further treatment advice.

**If on Skin or Clothing:** Rinse skin immediately with plenty of soap and water for 15 to 20 minutes. If skin irritation occurs, get medical attention. Take off contaminated clothing and wash before reuse.

## CONDITIONS OF SALE – LIMITED WARRANTY AND LIMITATIONS OF LIABILITY AND REMEDIES:

The Directions for Use of this product reflect the opinion of experts based on field use and tests. The directions are believed to be reliable and should be followed carefully. However, it is impossible to eliminate all risks inherently associated with use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or use of the product in a manner inconsistent with its labeling, all of which are beyond the control of CHS Inc. or the seller. All such risks shall be assumed by the buyer. CHS Inc. warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes referred to in the Directions for Use, subject to the inherent risks referred to above. CHS Inc. makes no other express or implied warranty of fitness or merchantability or any other express or implied warranty. In no case shall CHS Inc. or the seller be liable for consequential, special or indirect damages resulting from the use or handling of this product. CHS Inc. and the seller offer this product, and the Buyer and the User accept it, subject to the foregoing Conditions of Sale and Warranty, which may be varied only by agreement in writing signed by a duly authorized representative of CHS Inc.
