

# COVREX®

## FEATURES AND BENEFITS

### High Surfactant Oil Concentrate

- Increases penetration and uniform coverage on leaf surface.
- Half the use rate of standard crop oil.
- Made with highly refined soybean oil for enhanced performance, storage stability, and mixing.

## ACTIVE INGREDIENTS

- Soybean oil..... 60%
- Selected emulsifier..... 40%

## APPLICATION DIRECTIONS

Ground, Aerial, Low volume, CDA:

Recommended Rate of Crop Oil Concentrate	Covrex Use Rate
1% v/v (1 gal/100 gal of water)	0.5% v/v (2 qt/100 gal of water)
0.5% v/v (2 qt/100 gal of water)	0.25% v/v (1 qt/100 gal of water)
2 pt/A	1 pt/A

Covrex® is a highly concentrated blend of emulsifiers and soybean oil. Covrex is designed for use with a broad range of herbicides where a crop oil concentrate adjuvant is recommended. Covrex increases contact activity and penetration of the spray, while also providing uniform coverage on leaf surfaces at half the use rate of a standard crop oil.

Covrex contains a highly refined soybean oil that improves the performance and handling characteristics versus traditional high surfactant oil concentrates.
