

# CROP OIL

## FEATURES AND BENEFITS

Liquid crop oil concentrate.

- Consistent performance which meets quality and crop oil safety standards of 92% or greater unsulfonated residue testing.
- Slows drying time to allow more efficient uptake of the active ingredient and penetration through the waxy surface of the target.
- Optimizes penetration of the pesticide into the target surface.

## ACTIVE INGREDIENTS

- Light Paraffinic Petroleum Distillates,  
Tall Oil Fatty Acid, Alkylphenol Ethoxylate..... 99.2%
- Constituents ineffective as spray adjuvants..... 0.8%

## APPLICATION DIRECTIONS

- **Aerial to ground sprays using 5-50 gal/A:** Use 1-2 pt /A in sufficient volume to provide good plant coverage with the equipment used. To increase coverage of mid to late season sprays add 1-2 qt /A. Do not exceed 2.5% v/v concentration.
- **Brush control:** For weed and brush control foliage sprays, use 1 gal/100 gal of finished spray. For increased coverage in late season sprays, use 2 gal/100 gal.
- In general, follow the W-A-L-E-S plan when adding herbicides to a tank mix.
  1. Wettable Powders (WP) then Flowables (F, DF)
  2. Agitate then add adjuvants such as anti-foaming compounds, buffers
  3. Liquid and Soluble products
  4. Emulsifiable concentrates (EC)
  5. Surfactants or other adjuvants

Prior to mixing you should fill your spray tank with half of the carrier you intend to use, usually water. Then start the sprayer and check to make sure that all valves and gauges work and that you have proper tank agitation.

Crop Oil is a liquid crop oil concentrate constructed to increase the wetting and uniform distribution of active ingredients in a spray solution. It was designed to increase the ability of a pesticide to diffuse into the substrate and/or enter the surface of a pest.

Crop Oil is exceptionally versatile in the field. It can be used in a wide variety of applications, and at different use rates, creating the maximum amount of customization for your customer's specific needs.

## CROPS

Soybeans   Dry Beans   Sugarbeets   Wheat   Barley   Sorghum   Corn   Sunflowers   Potatoes

PACKAGE SIZE | 2x2.5 gal | 275 gal | Bulk
