

Nonionic Surfactant ■ Drift Control Agent  
Deposition Aid ■ Water Conditioner

- All-in-one adjuvant.
- Unparalleled low use rate.
- Ensures on target application, mitigating risk for your ease of mind.

### PRINCIPAL FUNCTIONING AGENTS

- Water conditioners, surfactants, defoamer, drift management agents, and inert ingredients.....100%

### APPLICATION DIRECTIONS

- Typical use rate is 2 qt/100 gal of water

### CROPS

Soybeans

Dry Beans

Sugarbeets

Wheat

Barley

Sorghum

Corn

Sunflowers

Potatoes

Enerpex™ is a unique, all-in-one adjuvant possessing cutting-edge features and an unparalleled use rate, that provides unmatched convenience and simplicity for its users.

Enerpex can be used with a wide range of pesticide spray mixtures when accompanying labels recommend surfactants, water conditioners and deposition aids and drift control agents.

Enerpex does not contain ammonium sulfate or acidify the spray solution and is compatible with a wide array of herbicides including those that contain glyphosate, dicamba, 2,4-D and many others. Humidome trials with Enerpex have demonstrated minimal or no impact on pesticide volatility and wind tunnel trials with Enerpex have demonstrated reduced fine droplet formation from most pesticide spray solutions.

PACKAGE SIZE | 2x2.5 gal | 275 gal
