

# MEDIATE™

## Deposition Aid ▪ Drift Control

### Principal Functioning Agents:

Polyacrylamide .....	1.00%
Constituents ineffective as spray adjuvants .....	.99.00%
<b>Total</b> .....	<b>100.00%</b>

**Note: Ingredients exempt from the requirements of a tolerance under 40 CFR 180**

## WARNING

### KEEP OUT OF REACH OF CHILDREN

Mediate™ minimizes the fines by maintaining the structure of the individual spray droplets. Additionally, Mediate™ increases spray droplet retention on the leaf surfaces by minimizing bounce and runoff.

### HAZARD STATEMENTS

Causes mild skin irritation. May cause allergic reaction or eye and respiratory tract irritation.

### PRECAUTIONARY STATEMENTS

**WARNING:** Causes eye and mild skin irritation. May be harmful if swallowed or inhaled. Wear protective clothing, protective gloves, and eye and/or face protection. Wash hands, face and other affected areas thoroughly after handling. Do not eat, drink, or smoke while using this product. If eye or skin irritation occurs, seek medical attention.

### DIRECTIONS FOR USE

Mediate™ is intended for use with products registered for agricultural, horticultural, turf, ornamental, industrial and non-crop uses.

### NOT FOR AQUATIC USE IN WASHINGTON STATE

**CAUTION:** Read and follow the pesticide label directions. Do not use where the pesticide label specifically prohibits the use of an adjuvant. It is recommended, in the absence of specific data when used in conjunction with crop protection chemicals, that a simple jar test be made to determine compatibility of all ingredients prior to mixing. An application to a small test area is also recommended prior to a large scale application. The addition of an adjuvant to a spray mixture may cause phytotoxicity to susceptible crop and vegetation.

### USE RATE

1-3 quart per 100 gallon of spray solution. Higher spray pressure, small nozzle tip sizes or increased drift potential require higher use rates. Do not exceed 3 quarts of Mediate per 100 gallons of spray solution.

### STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal. **Storage:** Store in a closed container. Store in well ventilated place. Keep cool. Store above 32°F. Store away from heat or open flame and oxidizing materials.

**Disposal:** Waste resulting from this product may be disposed of at an approved waste disposal facility. Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option for a container disposal. The Agricultural Container Recycling Counsel (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at [www.acrecycle.org](http://www.acrecycle.org). Decontaminated containers may be disposed of in a sanitary landfill in accordance with local/national regulations.

### FIRST AID

**IF IN EYES:** Hold eye open in rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor immediately for treatment advice.

**IF ON SKIN OR CLOTHING:** Call a POISON CENTER or doctor immediately for treatment advice if you feel unwell. Wash with plenty of water. If skin irritation occurs: Get medical advice. Take off contaminated clothing and wash before reuse.

**IF SWALLOWED:** Call a poison control center or doctor immediately for treatment advice. Have the person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by poison control center or doctor. Do not give anything by mouth to an unconscious person.

**IF INHALED:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then if possible, give artificial respiration, preferably by mouth-to-mouth. Call a poison control center or doctor immediately for treatment advice.

**Conditions of Sale and Warranty Limitation:** The Directions for Use of this product reflect the opinion of experts based on field use and tests. The directions are believed to be reliable and should be followed carefully. However, it is impossible to eliminate all risks inherently associated with use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or use of the product in a manner inconsistent with its labeling, all of which are beyond the control of CHS Inc. or the seller. All such risks shall be assumed by the buyer. CHS Inc. warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes referred to in the Directions for Use, subject to the inherent risks referred to above. CHS Inc. makes no other express or implied warranty of fitness or merchantability or any other express or implied warranty. In no case shall CHS Inc. or the seller be liable for consequential, special or indirect damages resulting from the use or handling of this product. CHS Inc. and the seller offer this product, and the Buyer and the User accept it, subject to the foregoing Conditions of Sale and Warranty, which may be varied only by agreement in writing signed by a duly authorized representative of CHS Inc.
